

LHS iPad Rules for Students

- **Always keep the school iPad in its case.** This will prevent the iPad from being damaged or from losing the case itself. Failure to keep the case on the iPad will result in loss of iPad privileges.
- **Do not let anyone borrow your school iPad.** You are 100% responsible for it. If you are caught giving it to someone else, or if someone is caught with yours, you will lose your privileges.
- **Do not download the apps that are listed in the “Black Listed App” list.** This school iPad is for educational use - not for socializing, game control or watching TV/movies. If any black-listed apps are downloaded, the school iPad will be restricted.
- **Keep the MISD barcode & Absolute stickers on the school iPad & case.** These stickers are used to register the School iPad to you & to help return the iPad in case it goes missing.
- **If your school iPad is damaged or goes missing,** come see Ms. Retchless immediately. The sooner you report your iPad missing, the sooner it can be recovered.
- **You can turn in your iPad if you are no longer using it.** You are not obligated to keep the iPad the entire time you are at Legacy. If you decide to bring your own iPad or laptop, the school iPad can be returned to Ms. Retchless.
- **You have the option to refuse a charger and/or shield.** You are responsible for returning all equipment assigned to you. You may use a personal charger instead of one that is issued to you.
